INSTRUCTIONS

1. Start with the cookies, mixing the butter, sugar, egg, vanilla extract, salt and baking soda in a stand mixer. With the mixer on low speed, add the flour and mix to create a soft dough. Once soft, make a ball, cover in plastic wrap & chill for 1 hour.

2. Pre-heat the oven to 350F / 180C / Gas 4

3. Roll out the dough on a floured surface and using a 9cm round cutter stamp into discs. Arrange on a large cookie sheet lined with parchment paper, leaving a gap between each cookie to allow each one to spread. Finish each cookie off by adding your Welch's Berries 'n Cherries Fruit Snacks on top of each cookie, pressing each piece in gently to secure them in place.

4. Bake in the oven for 12-14 minutes, or until the cookies are lightly golden brown, but still a little soft. Remove from the oven and set aside to cool.

5. Finish with the ice cream, removing it from the freezer and allowing it to soften. Scoop into a large bowl and mix in your first two 0.8 oz pouches of chopped up Mixed Fruit Welch's Fruit Snacks.

6. Using an ice cream scoop, shape 2 -3 balls of ice cream on top of one of the cookie bases once the cookies have fully cooled. Scatter with some additional chopped Mixed Fruit Welch's Fruit Snacks before sandwiching together using another cookie.

7. Finish things off by rolling the sides of each sandwich with remaining Welch's Fruit Snacks pieces (some chopped and some whole) and enjoy!
